THALASSERY

Date . 22.04.2024

Building Safety Certificate

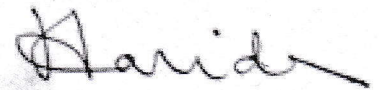

The school building Amrita Vidyalayam, Kuthuparamba, Kannur Dt, has been checked thoroughly for its fitness and structural stability by means of non destructive tests and design checks based on the drawings provided by the school authorities.

This is to certify that the school building of Amrita Vidyalayam, Kuthuparamba is found to be fit and structurally stable under normal weather conditions at present.

Note: This certificate issued purely on technical basis. The drawings authorized by the Principal, Amrita Vidyalayam is taken as reference for structural details, especially for the foundation. Design checks were limited to the data available from the drawings provided.

Place : Thalassery

Date : 22.4.24
