Dear Parent,

In order to upgrade the skills and proficiency of the young generation and also to provide them awareness to explore about various career options, the Central Board of Secondary Education has started offering Vocational Courses in different sectors at Secondary level and Senior Secondary level.

At Secondary level, vocational subject (Information Technology) will be offered as additional sixth subject along with the existing five academic subjects in our school. If any student fails in any one of the three elective subject (Science, Mathematics and Social Science), then it will be replaced by the Vocational subject (offered as the sixth additional subject) and result of Class IX and class X will be computed based on best five subjects. However, if class X candidate desires to appear in the failed subject, he/she may appear along with the compartment examination. Kindly fill the below given format and submit to the class teacher on or before 10th July 2019.
